

Your pipeline system is only as good as the people building it. At A&B, we have a strong sense of community with many tight family ties that are a part of our community and company legacy. We are dedicated to supporting the communities where we work by providing direct and indirect employment and opportunity. We are dedicated to supporting the communities our employees are from, and in doing so, A&B actively supports local hockey, local agricultural events, local golf, and members of our community when affected by adverse events.

A&B is dedicated to helping build capacity within our aboriginal community. We work with band offices to help facilitate and support First Nations employment at A&B. Please contact us if you are interested in getting involved with our First Nation's programs.
